5 • Polishing & Quality inspection

Make sure the slabs in correct condition before polishing, check the polish machine to make sure it goes correctly as required.

Finally, the slabs pass through quality inspection to ensure our customers receive a top-quality product.

ADVANTAGES

Quartz Stone is composed of 93% engineered stone, polyester resin, and organic pigments. It means quartz stone is durability and non-porous, so it resists staining much better than granite, marble.

93 % natural quartz

Scratch Resistant

Stain Resistant

Chip and Crack Resistant

Low Maintenance

Non-absorbent and Non-porous

Color Consistency

Fire Resistant

Versatile

Ecological

CERTIFICATION

Quartz Stone has been tested by NSF for food safety and certificated by Green guard, ensures that our product has met some of the world's most rigorous and comprehensive standards for low emissions of volatile organic compounds(VOCs) into indoor air.

Quartz stone achieved follow certifications.
